STAINLESS STEEL MAN LIFTS

UPLIFT Track Mounted Self-Propelled Manlift

1,500 lbs Capacity

The **SUPERLIFT Uplift Track Mounted Self-Propelled Manlift** is a safe and versatile solution for working in high places, even on uneven or rough terrain. Designed for industries where corrosion resistance and contamination control are critical—such as pharmaceuticals, food and beverage, biotechnology, and chemical processing, our stainless steel manlifts provide unmatched durability, sanitation, and performance.

Features

- Self Propelled Operation – Move freely without having to be towed or draw power from outside.
- Wide Reach & Stability – Super high-lifting capacity with stable and secure platform, can operate safely.
- Compact & Maneuverable – Access height but fit into tight spaces
- Suitable for:
 - Construction & Maintenance – Easily tackle hard-to-reach areas.
 - Forestry & Utility Work – Operate on rugged, off-road terrain.
 - Industrial & Facility Management – Perform safe repairs, inspections, and installations.

The **SUPERLIFT Uplift Track Mounted Self-Propelled Manlift** moves on raised floor track operated on the platform
