STAINLESS STEEL PUSH AROUND MANLIFTS

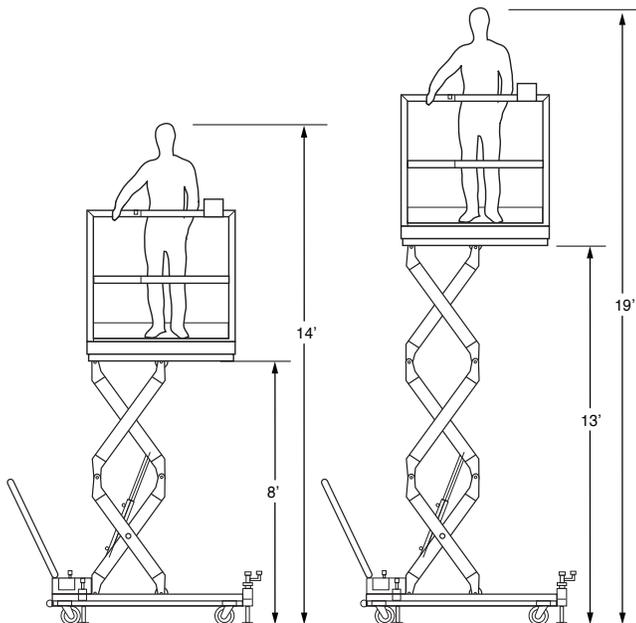

Stainless Steel High Level Push Around Manlift

600 lbs Capacity | 16' to 21' Working Heights

The **SUPERLIFT Uplift Stainless Steel High Level Push Around Manlift** provides a manual push powered lift to combine manlift and material lift and do it all with one piece of equipment. This Push Around can lift your personnel and your work to height as high a 21 feet and 600 lbs capacities in a compact size.

Features

- **All-Stainless Construction:** Fabricated from high-grade 304/316 stainless steel for maximum corrosion resistance, even in environments exposed to harsh chemicals and frequent washdowns.
- **Hygienic Design:** Fully welded framework with smooth, crevice-free surfaces that eliminate bacteria harborage points and allow effortless cleaning.
- **Operator Safety:** Equipped with guard rails, non-slip platform flooring, emergency stop systems, tilt sensors, and automatic brakes.
